

Blue System, Is It Love ?

You must be joking when you're telling this lies
You must be fooling - only your alibies
Why are you so unfair to me ?
You must be cheating if you play with my heart
..... that you break apart
Why are you so unfair to me ?

Is it love ? Is it love ?
I get never enough
Love come easy - be mine tonight
Is it love ? Is it love ?
You're playing so tough
Love come easy - be mine tonight

You must be dreaming of that American kind
You must be thinking oh I have lost my mind
Why are you so unfair to me ?
Oh, you were telling it's love at first side
Why are you trying make my heart
Why are you so unfair to me ?
Is it a dream or is it real ?
