

Blue System, Little Jeannie

When you take my love
Baby, how I cry for you
Love will grow
Where did my tomorrow go ?
Believe it babe or not
Never ever let you go - when you tear me apart
Secret love let me know - let me know

I miss you so little Jeannie
I can feel your heart - can you feel it
Never tear apart - Little Jeannie
Feel my heart is true - I miss you so
Little Jeannie baby don't go
You're too hot to hold my love
Don't stop - I never ever give you up

When I sleep alone
Secret lover heal my heart
Face the dream - make your heart a stone
I'm a king without a crown
Believe it babe or not
Never ever let you go - when you tear me apart
Secret love will let me know - let me know
