Blue System, Sad Girl In The Sunset

Respect my love - respect my world
Oh, can't you understand
Oh baby, you're a nice young girl
But I'll never be your man
I saw your tears run endlessy
Oh, I never want this pain
I told you once - I told you twice
I'm your friend, but not your man
I told you I miss you
Oh, that's alright with me
But I never said I love you
Baby, set me free

Sad girl in the sunset - two blue eyes in misery
I never promised you eternity
I'm not, I'm not your alibi
Oh no

Baby I never promised eternity
I'm not your alibi

Baby, I'm too old to dream
I take the midnight train
A .... babe limousine
Can't build a fire in the rain
Love is such a sacrifice
Never trust a pretty face
Oh, this night has a million eyes
Walking down to another place
I told you I'm sorry
Now, it's time to go
Oh, baby don't worry
Say it isn't so
