

# Blue System, Silent Water

Baby, you cross my heart  
And a heart of a clown - oh, just break apart  
Step inside - love will keep you all  
Oh, a river to cross - you did it with your charm  
Oh, come send me an angel  
Oh, come send me some love  
It's more than a feeling  
When I fall in love

Silent water - nights are falling  
Silent water - full of tears  
I'm a man with a broken heart, babe  
I lost the pain and fears  
Silent water - where we started  
Silent water - full of pride  
Here the ocean in my heart, babe  
Alone ..... you've cried

.....  
Baby, just for love  
When a love is all - no mountain is high enough  
Here I stood - baby, we can't go wrong  
Just take my hand - in the lights of dawn  
Come send me an angel  
Oh, come send me some love  
It's more than a feeling  
When I fall in love
