

# Blue System, Sister Cool

Down in the flame - down in the passion  
Oh, I'm a slave to love  
I play no game - it's all obsession  
Words are not enough  
Oh, give me love - give me that special feeling  
Oh, give me all - let us rocking and reeling  
Oh, give me sex - give me hope for this game tonight

But baby don't be sister cool  
Oh, I'll make good love to you  
I waited every night  
I waited every day  
Baby, come tell me you're making my day  
But baby don't be sister cool  
I show you what a love can do  
You gave me such golden days  
You gave me such golden nights  
Don't let .....

Kissing the fool - kiss in the fire  
The closer we can get  
Don't break the rules of deep desire  
Sleeping in your bed  
Oh, give me a chuck - give me a sweet sensation  
Oh, give me all - all I want is good vibration  
Oh, give me sex give me love for this sweet, sweet night
