

# Blue System, Talk To Me

I'm just a fool for you, baby  
Oh, what can I do, lady  
I read the book of love  
And you are lying just to me  
And I'm a loser  
Baby, why you pretend, darling  
Oh, there is no end, darling  
I kept my promises  
But you are lying once again  
And I'm a loser

Please talk to me, oh, je n'ai pas compris  
It's like a falling sky  
I always will be true  
Oh, du du du dub to you  
Please talk to me, oh, je n'ai pas compris  
I promise from my heart  
I always will be true  
Oh, du du du dub to you

Where does my heart belong, baby  
Love isn't always wrong, lady  
You're playing with a fire  
And you are losing once again  
'Cause you're a dreamer  
I'm not a lonely guy, darling  
Sun has left your sky, darling  
You broke your promises girl  
And all I'm wasting is my life  
'Cause you're a dreamer
