

Blue System, The Earth Will Move

I feel the earth will move
Feel the earth will move
Music is a great romancer
I feel it in the groove
Feel it in the groove
Music is the greatest dancer

It's only just a fantasy
Love is not a mystery
Oh, it's a secret love affair
Seven faces of success
Sending you an S.O.S.
Oh, it's a secret love affair

I think it's better if you try
Till the sun has left the sky
Oh, it's a secret love affair
A heart is like a wounded love
I will steal the stars above
It's a secret love affair
