

Blue System, Voodoo Nights

Why does a man have to be strong
Wild - hear the hungry of the time
Oh, come do it with me
I need your precious love
Come do it with me
Never get enough
Come do it with me
I'm lonely without you

We love the voodoo nights
Love the wild side of the city
We love the voodoo nights
Midnight rendez-vous
I'm dying for you, babe
Can you hear my heart
At closing blue
Can you hear my heart
With locomotion
Can you hear my heart
What can I do ?
A man in love
And deep devotion

You are the princess of the night
Wild
Your intensions are so right
Come do it with me
Only love survives
Come do it with me
In my paradise
Come, do it with me
I'm lonely without you
