

Blue System, Wonderful World

I'm not a Casanova
Oh yeah the time is over
I'll never telling lies to you
Oh don't you feel the fire
Oh you will take me higher
Baby, like the biggest love will do
You're so cute, everytime I love you more and more each day

It's such a wonderful world
Come stay forever
Wonderful world - when we're together
Wonderful world - that you are here with me
It's such a wonderful world
That you love me baby
Tell the naked truth
It's a wonderful world, feel just brand new

You're like a flash and thunder
Oh baby, here is my number
Oh, your love is especially and true
You're like a new sensation
Oh such a good occasion
Oh, I'll take a lesson just in blue
You're so cute, everytime I love you more and more each day
