

# Blue System, You

Oh baby tonight you'll be my hero  
The hero of my dream  
Come baby, we'll start on level zero  
It's like a movie scene

Don't cry, don't cry your heart to me  
Don't lose your sensuality  
Don't try to fool your biggest friend  
It's nothing you can mend when a love will end

I don't wanna lose your heart tonight  
Anything is possible - I'll fight  
I'll give you all my energy  
Anything is possible

Oh baby tonight you'll be my hero  
We leave it all behind  
Baby, this life was minus zero  
You were so hard to find

Don't hide - don't hide oh what you feel  
It's right - you give your heart to me  
Don't lose - don't lose this silly game  
Don't try another friend - you're losing at the end
