

# Blueface, Dear Rock (feat. ChriseanRock)

Dear Rock

I'm sorry for what I did to yo' pops, but he hit me first, so he had that comin' 'cause I really been thro  
And I'll be damned if I let another nigga take my spot  
I'm yo' daddy now, he can't change nothin' but the top  
Baby, we could be superstars  
It feel like yesterday, first time we fucked said I was super hard  
My lil' crazy bitch, how you so smart, but you got stupid scars  
I know we damaged baby, but if you'll be mine, I'll be yo' bandage Baby, I'm tired of Thotiana, I'll se  
If you want to be family, then have my baby  
This my last time writin', sincerely, Blueface baby (Yeah, aight)  
Yours truly

Hey daddy, I was thinkin' 'bout the same thing  
When you had a baby with me, I just couldn't swallow the pain  
'Cause the love that you had, it wasn't for me  
Now I'm so fuckin' glad we ready for things (Ready for things)

I know the last time I wrote you I told you it'd be the last time I wrote you, but it's not  
And I know yo' father ain't sorry for what he did to me or the role he played in that situation, he just  
'Cause if I was him, and he was me, I would understand what's wrong and what's not  
'Cause if my daughter put her hands on a man, I would tell her first that she got to stop  
'Cause I won't hit no women first, but I'll hit a bitch back without a thought, damn (Damn)  
This shit so cold, yeah  
Feel it in my soul, yeah  
Bring that bitch back from the top  
Yeah  
Yeah
