

# Blues Traveler, Warmer Days

When people think of holidays  
They think of cold weather  
&quot;Let's spend this frozen wonderland together&quot;

Not me, I'm into warmer days  
Don't wanna hear bout your winter wonderland  
I am into  
I'm into warmer days

Well, frozen fingers, frozen toes  
Topped with a frozen stare  
Numb your heart, and you numb your mind  
Pretend that you don't care

Not me, I'm into warmer days  
Don't wanna hear bout your winter wonderland  
I am into  
I'm into warmer days

Well say what you want about Santa Claus  
Go on ahead, do your thing  
And solace yourself in your righteous cause  
While you're holding out for spring

Not me, I'm into warmer days  
Don't wanna hear bout your winter wonderland  
I am into  
I'm into warmer days

When you were young, you walked to school  
Uphill both ways in freezing rain  
And when I'm frozen in solid ice  
How dare I even complain

Not me, I'm into warmer days  
Don't wanna hear bout your winter wonderland  
I am into  
I'm into warmer days

Don't wanna hear bout your winter wonderland  
I am into  
I'm into warmer days
