

# Blur, High Cool

When you come here  
Which sometimes do  
Don't think that  
I really want you to  
And if you come here  
Which you always do  
Don't think that  
I expect you to

Is that all I give you  
Is that all I give you

And you talk too much  
Which you always do  
Don't think that  
I really want you to  
And if you talk too much  
Which you always do  
Don't think that  
I really need you to

Is that all I give you  
Is that all I give you
