

Blur, I Love Her

Verse 1:

I look at her
Just to see
Is there anyone out there
For me
If you look at her
Do you see
Is there anything in there
For me

I love, love her
She dont care if I live or die
That is why I love her

Dont talk to me
Theres so little I can say when i feel this way
So dont talk to me
Dont talk to me
Theres very little I can say when i feel this way

I love her
I love, love her
She dont care if I live or die
That is why I love her
I love, love her
She dont care if I live or die
That is why I love her...

She dont care if I live or die
That is why I love her
