

Blur, I'm Just A Killer For Your Love

I heard a man who had no lungs
he took me in and made me lunch
He told me how I'd lost my friend
He smiled at me it was the end
I said

I'm just a killer for your love [X4]

I cut my hair off in the road
I take my coat off dropped my load
I wipe my hands on the grass
Coz I know that nothing ever lasts
And I said

I'm just a killer for your love [X4]
