

Blur, Uncle Love

Uncle Love just got a message from God
That you are driving him crazy
Tomorrow he says the doctor comes
With a drink to make him lazy

Did you realise that Uncle Love's
Got an 8 ball in his hand
Everything sticks to you like glue
But it just makes you lazy

You should hear what they say
About you everyday
You should hear what they say
Uncle Love's going to get you

Uncle Love just got a message from God
That you are driving him crazy
Everything sticks to you like glue
But it just makes you lazy
