

# BoA, Girls On Top

Everyone's telling me, I should be, somebody I don't wanna be  
I feel you watching, my every move,  
The pressure's coming down on me  
(I'm much more than the girl next door you see)  
Don't you tell me what to do,  
Gonna make my decisions on my own  
(Are you ready) 'Cause I'm ready to move up  
This is who I am so I just wanna be true to myself  
(That's just the way I like it, don't wanna be somebody else)  
If you could understand, why it's never enough  
(I'm gonna make it happen, who says there can't be girls on top)  
A pretty face, sexy waist, pearls and lace, everybody wants to have a taste  
Fake and superficial, it ain't what defines a perfect girl  
Take the chance today, doesn't matter what they say about me anyway  
(Get it up) I'll show you how (Get it up) Let's do it now  
It's the point of no return, there are lessons that you've got to learn  
Imma give it to ya, take it up higher  
This is who I am so I just wanna be true to myself  
(That's just the way I like it, don't wanna be somebody else)  
If you could understand, why it's never enough  
(I'm gonna make it happen, who says there can't be girls on top)  
Everyone's telling me, I should be, somebody I don't wanna be  
I won't ever let them get me. Shake it like the way I like it  
Open up your mind, we can make it work if we take the time  
To realize we're all the same inside  
You can't judge me by the way that I look on the exterior, no  
I just can't take it anymore  
(RAP)  
All my girls on top if you're feeling me, throw your hands up high yeah  
(Go baby, girl rise up, throw your hands up, do you like that?)  
Free your mind today, don't be afraid to take the lead yeah  
(Go baby, go baby) Yeah  
This is who I am so I just wanna be true to myself  
(That's just the way I like it, don't wanna be somebody else)  
If you could understand, why it's never enough  
(I'm gonna make it happen, who says there can't be girls on top)
