## Bob Dylan, Odds And Ends

I plan it all and I take my place You break your promise all over the place You promised to love me but what do I see? Just you comin' in and spillin' juice over me Odds and ends, odds and ends Lost time is not found again.

Now you take your file and you bend my head I never can remember anything that you said You promised to love me, but what do I know? You're spillin' juice on me like you got some place to go Odds and ends, odds and ends Lost time is not found again.

Now I've had enough, my box is clean You know what I'm sayin' and you know what I mean From now on you'd best get on some-one else While you're doin' it, keep that juice to yourself Odds and ends, odds and ends Lost time is not found again.
