

Bob Marley, And I love her

I give her all my love
That's all I do
And if you saw my love
You'd love her too
Because I love her oh yes surety
She gives me everything
And a tenderly
The kiss my lover brings
She brings to me
Because I love her oh yes surety
A love like ours
Will never die
As long as I
Have you near me
Bright are the stars that shine (stars that shine)
To get this sky (stars that shine)
I say I know I know this love of mine (love of mine)
Will never die
Because I love her oh yes surety, yes surety
My love like ours
Will never die
As long as I
Have you near me
Bright are the stars that shine (stars that shine)
As a dog goes to this sky (stars that shine)
I say I know I know this love for mine (love of mine)
Will never die
Because I love her oh yes surety, yes surety
I love her, yes I love her finally really never die simply because I love her and I want want to dont h
