

# Bob Marley & The Wailers, Stop The Train

Stop the train I'm leaving  
Stop the train I'm leaving  
Stop the train I'm leaving  
it won't be too long whether I'm right or wrong  
said it won't be too long whether I'm right or wrong  
all my good life I've been a lonely man  
teaching people who don't overstan'  
and even though I've tried my bes'  
I still dont find no happiness  
Stop the train I'm leaving  
Stop the train I'm leaving  
Stop the train I'm leaving  
it won't be too long whether I'm right or wrong  
said it won't be too long whether I'm right or wrong  
some goin' east  
some goin' west  
some step aside  
to try their best  
some livin' big  
but the most livin' small they just cant even find  
no food at all  
Stop the train I'm leaving  
Stop the train I'm leaving  
Stop the train I'm leaving  
it won't be too long whether I'm right or wrong  
said it won't be too long whether I'm right or wrong  
Stop the train I'm leaving...
