

Bob Marley & The Wailers, Wake Up And Live

Wake Up and Live Ya Wake Up and Live
Wake Up and Live Now
Wake Up and Live

Life is one big road with lots of signs
So when you riding thru the ruts
Don't complicate your mind

Flee from hate, mischief and jealousy
Don't bury your thoughts
Put your vision to reality, Yeah!

All together now
Wake Up and Live, Wake Up and Live
Wake Up and Wake Up and Live
Wake Up and Live Now
Wake Up and Live

You see one, one cocoa full a basket
Whey the use you live big today
Tomorrow you bury ina casket
One one cocoa full the basket
Whey the use you live big today
Tomorrow you bury ina casket

All together now
Wake Up and Live Now
Wake Up and Live
Wake Up and Live Now
Wake Up and Live Keep on Playing
Wake Up and Live Now
Wake Up and Live Wake Up and Live Now
Wake Up and Live Break It Down

How is it feeling over there
Wake Up feeling wake up
Wake Up, Wake Up
Wake Up, Wake Up, come on man
You got to Wake Up and Live
Wake Up, Wake Up, Wake Up, Wake Up
