

Bob Schneider, Blue

I've got a mad proposition
Put your heart on the line
Take it out of its shell
And I'll give you mine

We'll ease into space
It's something to do
Come with me
We'll always be blue

We can start over
It's never to late
We get a second chance
Everyday

We'll ease into space
It's something to do
Come with me
We'll always be blue
