Well, it's shinin' brightly it's lookin' pretty right from the early morning till real real late at night it's lookin' pretty good today the dark clouds are rollin' away oh and it's shinin' brightly and I think it's gonna be okay

Well it's startin' to feel good again you and me startin' to feel real good lady just the way it used to be future's lookin' good future's lookin' good at last rough times are all in the past oh and it's shinin' brightly and I think it's gonna last I think it's gonna last oh yeah

Well, it's shinin' brightly
I don't think there's too much doubt
this time baby
I think we got it all worked out

the dark clouds are rollin' away
and it's shinin' brightly
I think we're on our way
it's a nice change
feeling pretty good at last
rough times are all in the past
oh, and it's shinin' brightly
I think it's gonna last
oh, it's gonna be okay
