

# Bob Sinclair, Sing My Song

Don't you wanna go with me  
And sing my song  
Hey hey yeah  
Come and sing my song [x3]

So sexy go crazy my baby no maybe if you want me so sexy come and sing your song

You're so sexy  
Oh my baby  
If you want me  
Come and sing my song

Pretty young babe  
Cost you nothing  
Take a chance  
If you sing my song

I got something  
If you want it  
You can have it  
If you sing my song

Hey sexy lady  
Let's go crazy  
Ain't no maybe  
If you sing my song

Sing my song (come on) [x8]

Give it to me [x3]  
I want you too

Give it to me [x3]  
Come show me

Give it to me [x3]  
I want you too

Give it to me [x3]  
Come on

Come on it on  
I work hard for .....  
On a saturday night  
And our future looks so.....  
Live your life

Music is in all of our eyes  
Shining ride  
Love each other all this night  
And maybe your last night

Don't you wanna go with me  
You sing my song

Come and sing my song [x3]

You're so sexy  
Oh my baby  
If you want me  
Come and sing my song

Pretty young babe  
Cost you nothing

Take a chance  
If you sing my song

I got something  
If you want it  
You can have it  
If you sing my song

Hey sexy lady  
Let's go crazy  
Ain't no maybe  
If you sing my song

Give it to me [x3]  
I want you too

Give it to me [x3]  
Come show me

Give it to me [x3]  
I want you too

Give it to me [x3]  
Come on
