

Bob Welch, Ebony Eyes

(Bob Welch)

Have you seen that girl on the corner
I'd like to take her out of her chains
Cause if I had my way with you baby
I would be changing your life today

Your eyes got me dreaming
Your eyes got me blind
Your eyes got me hoping
That I'll be holding close tonight

Your eyes got me dreaming
Your eyes got me blind
Your eyes got me hoping
That I'll be holding close tonight

She was the same as a hundred ladies
But when my eyes looked at her I learned
That she was keeping a secret fire
And if I got real close I'd burn
And so it looked like I had to move slowly
Just like a cat at night in the trees
'Cause I was waiting for her to show me
That way that she liked her love to feel

Your eyes got me dreaming
Your eyes got me blind
Your eyes got me hoping
That I'll be holding close tonight

Your eyes got me dreaming
Your eyes got me blind
Your eyes got me hoping
That I'll be holding close tonight

Aah, ebony eyes
Aah, ebony eyes
Ebony eyes, ebony eyes

Your eyes got me dreaming
Your eyes got me blind
Your eyes got me hoping
That I'll be holding close tonight

Your eyes got me dreaming
Your eyes got me blind
Your eyes got me hoping
That I'll be holding close tonight
