

# Bob Welch, Mystery Train

Written by Bob Welch.

Come on now mystery train  
Bring her back to me again  
I want to feel her hold me tight  
And never be lonely at night  
Roll down your mystery track  
Pass the cities all blazin' black  
I'm counting hours till she comes back  
Not gonna be lonely again...

(chorus)  
Oh I can hear you coming  
Yeah & you're carrying something  
Got my baby on your mystery train

(repeat chorus)

Yeah come on now mystery train  
Through the mountains blowing rain  
But when you get there mystery train  
It'll never be rainy again...

(repeat chorus)
