

# Bobaflex, Rise Again

Left for dead, when you struck me down  
another one, crushed under your crown  
But my heart still beats from underground  
In this abyss, my technique becomes sound

## Chorus

What kind of man do you think I am

Unfold, diabolical plan

What kind of man do you think I am

Ashes to ashes and dust to dust

But I return like the prodigal son

And I will rise again in time, cause

I am champion

Rise again

## Verse 2

I've been biding my time, just watching and waiting

To strike from the darkness, when you are most lax

Your reign ends here

A nameless one that will bring your doom

My return is now in full bloom

A ghost from the past, who has to come back to

reclaim his place with a mask on his face

## Repeat Chorus

Strike in the night and you leave like a dream

You cannot kill what you cannot see

A legend from far away will come to ask the question,

"Who is the Champion?"

Champion, where will he lead from here
