

# Bobby Bare, Dear Wastebasket

I've been writin' Mary Lou letters every day  
But I just found out lately how she throws them all away  
She don't even bother to read the things I say  
So I'm gonna write just one last time and I'll begin this way  
I'll say oh dear wastebasket care of Mary Lou  
If you see her say I need her like I'll always do  
She won't read my letters now I write to you dear wastebasket care of Mary Lou  
[ trumpet ]  
No she don't even bother...
