

Bobby Bare, Dear Wastebasket

I've been writin' Mary Lou letters every day
But I just found out lately how she throws them all away
She don't even bother to read the things I say
So I'm gonna write just one last time and I'll begin this way
I'll say oh dear wastebasket care of Mary Lou
If you see her say I need her like I'll always do
She won't read my letters now I write to you dear wastebasket care of Mary Lou
[trumpet]
No she don't even bother...
