

Bobby Bare, Easy As Dreaming

Lord it's easy as dreaming falling in love with you
But it's hard as dying knowing these dreams won't come true

Tonight I lie here sleepless without you and think on the sweet love we knew
That goes from the past sets me dreaming bout you then starts that old flame up anew
And it's easy as dreaming...

[piano]

Now I should be lettin' my poor heart forget you and start out gettin' over the fall
But I'd rather keep you right here in my dreamin' and never to have you at all
And it's easy as dreaming...
Just knowing these dreams won't come true
