

Bobby Bare, I Love You Drops

(I love you drops I miss you drops hurry home drops you've been gone too long drops
They're not teardrops just sincere drops that say I'm lonesome and I love you)

They were on my pillow when I woke up this morning
They were on the letter I tried all day to write
And just a little while ago I saw them falling on your picture as I kissed it goodnight
(I love you drops...

[guitar]

Never knew this heart could hurt the way it hurts for you
Never lived so many lifetimes in one week
Why don't you come back to me the way you said you would
And kiss these little crystals off my cheek
(I love you drops...
They say I'm lonesome and I love you
