

# Bobby Bare, Unicorn

(Okay, I'll tell you what I'm gonna do now. I'm gonna tell you about a unicorn.  
Now who knows what a unicorn is? Let me tell you about.)

A long time ago when the earth was green  
Well there was more kinda animals than you've ever seen  
And they just run around free while the world was being born  
And loveliest of them all was the unicorn

There was green alligators and long neck geese  
Humpty bumpy camels and some chimpanzees  
There was cats and rats and elephants but sure as you're born  
The loveliest of all was the unicorn

But the Lord seen some sinning and it caused him a pain  
He said stand back I'm gonna make it rain  
So hey brother Noah I'll tell you what to do  
Go and build me a floatin' Zoo

And you take 'em two alligators and a couple of geese  
Two humpty bumpy camels and chimpanzees  
Cats and rats and elephants but sure as you're born  
Noah don't forget my unicorn

Now Noah was there and he answered the callin'  
And he finished up the ark as the rain started fallin'  
Then he marched in the animals two by two  
And sung out as they went through

Hey Lord I got your two alligators and a couple of geese  
Two humpty bumpy camels and chimpanzees  
Cats and rats and elephants but sure as you're born  
Lord I just don't see your unicorn

Well Noah looked out through the drivin' rain  
But the unicorns were hidin' playing silly games  
They were kickin' and a splashin' in the early morn  
Oh them foolish unicorns

Then the ducks started duckin' and the sneaks started sneakin'  
And the elephants started elephantin' and the boat started shakin'  
The mice started squeekin' and the lions started roarin'  
And everyone's aboard but the unicorns

I mean a green alligators and long neck geese  
The humpty bumpy camels and chimpanzees  
Noah cried close the door cause the rain is a pourin'  
And we just don't wait for them unicorns

And then the dark started movin' and it drifted with the tide  
And unicorns looked up from the rock and cried  
And the water came up and sorta floated them away  
And that's why you've never seen a unicorn to this day

You'll see lots of alligators and long neck geese  
You'll see humpty bumpy camels and chimpanzees  
You'll see cats and rats and elephants but sure as you're born  
You're never gonna see no unicorn
