Vincennes Vincennes Vincennes Indiana Vincennes Vincennes Vincennes my hometown  
I'm coming back clear the track I'm someone to someone in Vincennes my hometown

Have you ever known how lonesome it can be in the big city  
Let me tell you friend it's lonesome  
Everybody runnin' busy with their own affairs  
There I was in a crowd lost and no one cares  
I've often heard if you want a break go to the big city that's the place to start  
But the only break I saw anybody get in the heart of that city was a broken heart  
Vincennes Vincennes...
