Your the only one that i live for  
Finally found someone that i die for  
Endlessly forever girl  
I adore the tender love you given to me

Because I'm in another world that so free  
But look what you've done to me  
Cause I keep given my all to ya lady

The woman I need  
The ultimate world  
Of you and me  
And baby i feel  
Your love  
Let's make this forever  
And ever
