

Bobby Brown, Forever

Verse 1

My love
You're the only one that I live for
Finally found someone that I die for
Endlessly forever girl
I adore the tender love you given to me

Bridge

Hope I never wake up from this love dream
Because I'm in another world that so free
But look what you've done to me
Cause I keep given my all to ya lady

Chorus

I finally found
The woman I need
The ultimate world
Of you and me
And baby I feel
Your love
Let's make this forever
And ever

Verse 2

Incredible
Show me a new way to give love
Unconditional from my heart
And I'll do anything to make you smile
Smile, smile, smile for me

Bridge

Chorus 2x

Baby
Break it down, break it down
Just, just
Just a little bit

Bridge 2

I finally found
I finally found someone
(2x)
I finally found, finally found, finally found

Chorus

I finally found
The one I need (Let's make this forever)
(2x)
I finally found
The one I need (Let's make this forever and ever)

I finally found
The one I need (Let's make this forever)
(2x)
And baby I feel
Your love
Let's make this forever
And ever
