

Bobby Brown, I'll Be Good To You

-I'LL BE GOOD TO YOU-

Since the first time we met
I told you how it would be
I got a lotta friends
That don't mean nothing to me
Don't need this garbage
I'll tell you what I'm going to do
Baby you know I love you
I'll be good to you

*

I'll be good to you

Girl I need you by my side
I need your lovin' all the time
But just try to understand me
Read me out, I love you, girl, without a doubt

(*Repeat)

Girl when you're near me
I shiver and shake
And when your body's next to mine
It makes me want to break

(*Repeat)

You make me feel good

Because I love you and I squeeze you
And I like to have your love
