

# Bobby Pinson, Nothin' Happens In This Town

The welcome sign is missin' an 'O'  
From a teenage 12 gage shotgun hole  
Went on the county's list of things not to fix for ten years now  
Nothin' happens in this town  
You gotta cross the line to get a drink  
Cause this ones dry and that one ain't  
Ya you might wind up on a jail house bunk but you'll get out  
Nothin' happens in this town

Chorus:  
Happens everytime you turn around  
We all know Joe coulda gone pro,  
When he fills your tank he'll tell you to use oil  
You don't see Jimmie when he ain't stoned  
The girl next door is 6 months along, waitin' on a Greyhound  
That's what happens when  
Nothin' happens in this town

Last Saturday night I guess Sara got bored  
Cause I got further than I got before  
I ain't suppose to tell but what the hell  
I'm sick of how  
Nothin' happens in this town

Chorus:  
(repeat 2x)

Nothin' happens in this town  
Hey Joe, what's happenin'?
