

Bobby Valentino, Anonymous

(feat. Timbaland)

[Verse 1:]

For a minute it was looking like
I'd end up one of those guys,
spendin my whole life
looking for a special lady who'd save me
maybe i'll never be satisfied
had a couple bad looks and a couple dimes.
(Now I'm looking for you,) why are you so hard to find

[Hook:]

I thought I took one step, I took two back
I'm not even close this time and that's a fact
All I know is that we'd be the perfect match
So where you at love?
I just gotta find you here.

[Chorus:]

I wanna know, I wanna know your name (your name)[x2]
Why you gotta be anonymous?
I gotta know, I gotta know your name (your name)[x2]
Why you gotta be anonymous?
Baby I want you so much
Wanna hold wanna feel your touch
Go fast girl i'm in a rush
Why you gotta be anonymous?
I wanna know, I gotta know your name (your name)[x2]
Why you gotta be anonymous?

[Bridge:]

What's your name? (Anonymous)
Where you at? (Anonymous)

[Verse 2:]

Then I see you when I close my eyes we all on both times with the delay to sunlight.
Everything I tried to tell you I fell to maybe I'll tell you another time.
