

Bobby Valentino, Lights Down Low

Baby yeah
Come on
Baby yeah
Come on
I wanna make love
Oh baby
I wanna make love

[Verse 1]

Three months, two weeks, five days
Phone calls, emails and the games
We been playing with each other
Baby won't you come over to my place
I'm sending you a first class ticket
To a three day love affair
Rose petals, and bubble baths
We can do it girl any way you like it
But you know I got to have it

[Chorus]

Turn the lights down low
Light some candles babe
We can get on
It's been so long since
We last made love
I miss your love
We gonna do it all night long
Put on a sexy dress, a secret Vicky
It's time to get hot, time to get freaky
It's been so long since we made love
We gonna do it all night long

[Verse 2]

Pick you up from the airport
You looking good
You got stilettos on, low cut thongs
It seems to me you know its on
We started kissing at the door
I'm rubbing on your thighs
Couldn't make it past the kitchen
It's what I've been missing
Let's enjoy this ride

[Hook]

Up down, Up down
Sweat all over our bodies (we sweating)
In out, In out
Got you screaming I'm naughty
Cause I'm deep in your love
Round 2 you on top let's get it started
This love we making (love we making)
Is so amazing

[Chorus x3]

Turn the lights down low
Light some candles babe
We can get on
It's been so long since
We last made love
I miss your love
We gonna do it all night long
Put on a sexy dress, a secret Vicky
It's time to get hot, time to get freaky
It's been so long since we made love

We gonna do it all night long

Can't nobody interrupt
Cause I don't even care
If my phone rings
My two-way
We still gone do this thing my way
I don't care
Me and you
Oh girl
All night long
Baby girl
It's me and you
On the floor on the couch
On the sink anywhere you like
I'll just I . . .
