

# Bobby Valentino, My Angel (Never Leave You)

[Talkin:]

Damn you know what's meant to be is meant to be, you can't run from love

[Verse 1:]

When I first met you I had these deep feelings,

I knew that you could be the one.

We met back in grade school

Kissing on the school bus

We were young but just having fun.

No stoping destiny now that we're older and we've found each other again,

I've learned a lesson that love will find you, if you just let it in

[Chorus:]

I'll never leave you

God put us together 4 Ever My Angel

Never Leave You, You're My Best Friend

And it's to the end

I'll die for you

[Verse 2:]

Sometimes I pinch myself to see if I'm dreaming cause this love we have is so real. When I saw you again I didnt really know how you would really feel. Everytime that we make love, it feels like the very first time. I've learned a lesson that love will find you because its so divine

[Repeat Chorus 2x]

[Break:]

Never Leave You, I'll die for you (I'll die for you) Never Leave You Never Leave You I'll die for you (I live for you baby) Never Leave You (Yes I do yeh) I'll die for you (I'll give my life for ya baby) Never Leave You Never Leave You I'll die for you Never Leave You Never Leave You (you'r All I need is you to come back in my life. I love you more than I ever loved before you I'll sacrifice. I'll go insane if you ever leave and right now you're all that I know, we become one I feel what you feel I'll protect you, I'll protect you baby yeh oooooohhhhh yeh yeh I will never leave you.....)
