

Bobby Valentino, Only human

Baby girl i wish you knew
How You helped me make it through
Every single morning of the day
Dont ever let go of my hand
Cause on your love i truly depend
From the bottom of my heart
These words i say

[Chorus:]

When im hurting thats when i need your love
When im crying girl i need your love
Cause im not afraid to admit i'm only human
When im crying i need to be in you arms
When Im Hurting thats when i need your arms
Cause im not afraid to admit i'm only human

[Verse 2:]

Really what I am trying to say
I'm going through something thats hurting me
I need your healing hands all over me
(Oh Yeah) to ease my mind and comfort me
To cheer me up Im in disbelief
See You feel my pain cause your crying too
Thats why i love you

[Chorus:]

When im hurting thats when i need your love
When im crying girl i need your love
Cause im not afraid to admit i'm only human
When im crying i need to be in your arms
When Im Hurting thatz when i need your arms
Cause im not afraid to admit i'm only human

[Hook:]

I feel your heart releasing me
What you give im takin it
I feel brand new
I gather my thoughts im under control
Keep holdin my tight please dont let go
I feel you heart beating with mine
Right on time

[Chorus: Repeat]

When im hurting thats when i need your love
When im crying girl i need your love
Cause im not afraid to admit i'm only human
When im crying i need to be in your arms
When Im Hurting thatz when i need your arms
Cause im not afraid to admit i'm only human
