

Bobo in White Wooden Houses, Troublesome De

'Cause your way is stopped
'Cause your way is wild
'Cause your way is stopped
'Cause your way is wild
When you go away
It makes me feel so high
When you go away
It makes me feel so light
And I remember the time
As a Virgin my life was undisturbed
From troublesome desire
What you ever hurt
When you go away
It makes me feel so high
When you go away
It makes me feel so light
And I remember the time
As a virgin my life was undisturbed
From troublesome desire
What you ever hurt
When you're rough though I do love
When I stand stunned your laughter shows it undisguised
When you're rough though I do love
When I stand stunned your laughter shows it undisguised
When you're rough though I do love
My troublesome desire
My troublesome desire
My troublesome desire
'Cause your way is stopped
'Cause your way is wild
'Cause your way is stoppes
'Cause your way is wild
