

# Bodyjar, Blind Fold

Did you hear what the TV told you about the raid today  
Did you believe every reason why they took our rights away  
I will not remain (silent) blind to the truth  
And blinded by the television light  
Did you read what the papers wrote about our set of laws  
They unify and discriminate  
Then hope that it is solved  
I will not complain  
Who would listen to a small man  
Is there someone out there who will listen  
And not give in to television  
Who would listen  
Who's on our side
