

Bodyjar, Say 2 Much

There I go when she calls me up
Just when I had you on my mind
I'm finding so much time

That's why I keep on trying to get to you
Hoping what I thought and what I felt was right
And she knows what she wants

I don't want to live in here without you
I don't want to say too much
And that's so hard to do

I wake up thinking that she's not mine
Everytime she might change her mind
I know I'm too late

I need her words to be in my head
The things she said, I could not forget
She knows what she wants

I tried to let her go, but something wouldn't let me
A yellow traffic light and I can't decide
If I should stay or go
I hope you know

I got nothing unless I got her
And she knows what she wants
