

Bodyjar, So Negative

when there's nothing left inside
and i dont feel anything
i put it on and turn it up and it feels right
and i can deal with anything
can you repeat it?
and i wont feel so negative

what is the chance of that?
when you feel so unwelcome
and sold out
what is the chance of that?
when you've been lying to me
and i found out

put it on when things are rough
how many times can i repeat everything?
you went off and then decide its tough
want you to hear everything
can you repeat it?
and i wont feel so negative

what is the chance of that?
when you feel so unwelcome
and sold out
what is the chance of that?
when you've been lying to me
i found out
what is the chance of that?
when you feel so unwelcome
and sold out
what is the chance of that?
when you've been lying to me
i found out
what is the chance of that?

can you repeat it?
and i wont feel so negative
what is the chance of that?
when you feel so unwelcome
and sold out
what is the chance of that?
when you've been lying to me
i found out
this is the last time
i've said it, said it
this is the last time
i've said it, said it

what is the chance of that?
what is the chance of that?
