

# Boiler Room, Superficial

I've been shown all good things in life  
Not all that have a reach in sight  
Really is distorted, ambition can be aborted  
Expectation false and contorted

Superficial, I don't wanna be  
Just like you, a shallow fool  
Superficial, I can't stand to be  
Just like you, a shallow fool

I've been one self-influenced mind  
All these things they don't realize  
Reality is distorted, ambitions can be aborted  
Expectation false and contorted

Superficial, I don't wanna be  
Just like you, a shallow fool  
Superficial, I can't stand to be  
Just like you, a shallow fool

And I can't stand all that you represent  
Material things have definitely got you bent  
And I can't take no more, now I see your flaws  
I can't escape it, take me away

Take, take, take, take me away now  
I don't wanna play no superficial games

Superficial, I don't wanna be  
Just like you, a shallow fool  
Superficial, I can't stand to be  
Just like you, a shallow fool

I can't stand to be like  
I can't stand to be like  
I can't stand to be like  
Just like you
