

Bombay Bicycle Club, How Are You

She seemed like an alright girl
And I was thinking just one night wont hurt
And I remember saying to her
I don't want to get much older.

So Long

So Long

So Long

Always seem to be on the run
We haven't spoken in so long
We can't get past the how are you
We're not talking like we used to

Always seem to be on the run
We haven't spoken in so long
We can't get past the how are you
We're not talking like we used to
