

# Bombshell Rocks, Crossroads

We put a tape in the blaster  
Got up on our bikes  
Had no destination  
We just did whatever we liked  
Those were the days that shaped us  
We hung out in the harbor  
Where the cranes reached for the sky  
In the shadows of the piles of junk  
We spent both days and nights  
Those were the days that shaped us  
Sometimes I wish I could go back

This place was our kingdom  
And no one could take it away  
The fun never ended  
On our nightly escapades  
Those were the days that shaped us  
Sometimes I wish I could go back

And it was long before the crossroads  
Where we could go our separate ways

No I, I can't believe  
That it's been ten years it's been some tears  
It feels like yesterday

We didn't really care  
If the rain came pouring down  
Cause there was always something going on  
And we had to be around  
Those were the days that shaped us

The freight trains came and left,  
And so did the years  
Before I knew it, it was gone  
It's new time, but we're still here  
Those were the days that shaped us  
Sometimes I wish I could go back

And it was long before the crossroads  
Where we could go our separate ways

No I, I can't believe  
That it's been ten years it's been some tears  
It feels like yesterday  
No I, I can't believe  
That it's been ten years it's been some tears  
Now here, here we are today
