

# Bombshell Rocks, Move Rhythm City

I creatively freestyle my way through the concrete  
I stick and move like boxers do  
Dance, Dance, Dance, Dance  
I Dance like a butterfly and I sting like a bee  
A Mohammed Ali Philosophy, come on  
Dance, Dance, Dance, Dance

I move to the rhythm of the city beat.

I've seen the people around me  
All a part of the industry  
the broadcasted radiowaves  
coming your way soon, so I move too.
