Bombshell Rocks, Solid Ground

I do my best to stand up straight, keep my feet on solid ground. All i need is my loyal, my loyal companions six strings and the explosive sound.

I'm a sucker for the kicks, I've got a thirst for the thrills. A pulse pounding addict is what I am, with an addiction to still.

Young at heart, the way i wanna stay as time pass me by. Day by day, i live to stay free. Makes me feel alright and tomorrow. Tomorrow don't exist to me.
